# *driving* **INNOVATION**

Our integrated and interconnected campus drives innovative healthcare solutions by supporting an ecosystem of collaboration and momentum for new ideas, from inception to implementation. We reach patients faster, and empower faculty, staff, students and providers to make an impact now and over the long term.

- Harnessing the prowess of nearly 300 scientists and physicians, the **University of Colorado Cancer Center** is paving the way for **more effective, less toxic therapies** for patients in Colorado and beyond.

- **CU Innovations** brings together industry, entrepreneurs, and investors with our researchers and clinicians to further new ideas for improving health around the planet and drive innovations in medical and healthcare technology.

- The CU Anschutz Medical Campus is **a nationwide leader in innovative approaches** to diagnose, treat and support individuals experiencing **mental health challenges** with leading organizations such as **CU Department of Psychiatry, Marcus Institute for Brain Health, Helen and Arthur E. Johnson Depression Center, and the National Mental Health Innovation Center.**

- In FY 2018, more than **124 patents** were granted, **3 more start-up companies** were formed, and there were **169 invention** disclosures.

- **The Colorado Center for Personalized Medicine** explores the application of biological, molecular, and genetic data to help develop personally tailored treatments and cures.

- **1<sup>ST</sup> liver transplant** in the world  
**1<sup>ST</sup> nurse practitioner and school nurse** programs in the U.S.  
**1<sup>ST</sup> to use human cell cloning** to study genetics and cancer  
**1<sup>ST</sup> to discover** that naturally occurring blood proteins prevent the AIDS virus from reproducing and spreading

- **The Gates Center for Regenerative Medicine** conducts research in stem cell biology to lead a future where **an individual's own cells can cure a number of diseases and conditions.**

# COMMUNITY CONNECTION & COLLABORATION

Our mission and impact does not stop at our campus boundaries. CU Anschutz is working to build healthier communities throughout the Rocky Mountain region, with local clinics, public health initiatives and education programs for students of all ages.

- University faculty physicians, nurses, dentists and pharmacists **treat patients in more than 500 clinics** throughout the state of Colorado.

- The School of Dental Medicine attends to **more than 90,000 clinical dental visits each year**, including emergency care and care to many who live Colorado's rural and underserved counties.

- The Colorado School of Public Health works to track disease outbreaks, prevent injuries and shed light on why some are more likely to suffer from poor health than others, **through a collaborative approach** with Colorado State University and the University of Northern Colorado.

- **The Community-Campus Partnership supports the community of Aurora** through educational pipeline programs, campus job opportunities, healthcare programs, and community wealth-building.

- **\$51.4 million in care donated** to charity and indigent patients (University of Colorado Medicine, FY 2018).

- CU Anschutz supports ECHO Colorado (Extension for Community Health Outcomes) which uses online and video teleconferencing to **enhance the clinical capabilities of rural primary care providers.**

- Total campus economic impact: **\$7 billion** includes **\$3.3 billion** specific to the University of Colorado.

- Began construction on the **Anschutz Health Sciences Building** where professionals **across different disciplines—from mental health to bioinformatics and translational science**—can collaborate easily, advancing health from all angles.

“

**CU ANSCHUTZ IS UNIQUELY  
POSITIONED TO CREATE AND  
TRANSLATE NEW KNOWLEDGE  
INTO TANGIBLE HEALTH BENEFITS.**

Our physician-scientists can treat patients in the clinic, advance research in the lab, teach the next generation of health professionals and then review progress in a start-up company they are creating – all on one dynamic campus.
